for sustainable growth. For Company in the present context, CSR means not only investment of funds for Social Activity but also Integration of Business processes with Social processes.

Even much before the issue of CSR became global concern; the Company was aware of its Corporate Social Responsibility and was fulfilling the aspiration of the Society through well-defined “Community Development Policy”. This has resulted into a harmonious relationship between ARIES AGRO LIMITED and the Community.

## **II. INTRODUCTION**

In the aforesaid backdrop, our policy on Corporate Social Responsibility of Company is broadly framed taking into account the following measures: -

- a) Welfare measures for the community at large including employees and their families, so as to ensure the disadvantaged sections of the Society derived the maximum benefits.
- b) Contribution to the society at large by way of social and cultural development, imparting education, training and social awareness especially with regard to the farming sector for their development and generation of income.
- c) Protection and safeguarding of the environment and maintaining ecological balance through a range of ecologically sustainable and cost effective products.

## **III. OBJECTIVE**

The main objective of CSR policy is to lay down guidelines for the companies to make CSR a key business process for sustainable development for the Society. It aims at supplementing the role of the Government in enhancing welfare measures of the society based on the immediate and long term social and environmental consequences of their activities. A strategic CSR programme that aligns business risks and opportunities with the national agenda of development priorities is
